

## Positive impact on your golf game

- In a clinical study, golfers preferred DEFINITY® lenses 7 to 1
- DEFINITY lenses allowed for more natural head movement and body position
- Golfers also said that they could:
  - See their putts better
  - Read the green more easily
  - Judge the distance to the hole more accurately

What's more, DEFINITY lenses outperformed in total overall visual comfort on each shot from the tee box to the green.

## The DEFINITY® difference

DEFINITY lenses use the patented DUAL ADD® 2.0 technology on both sides of the lens to create a progressive lens that is as close to a regular, single-vision lens as you can get. This means that you will have less distortion throughout your lenses and more natural vision.
