

*Indoors. Outdoors. Back indoor. Trying to juggle commitments, appointments and a host of other daily activities, it's 'nice' to have eyewear to accommodate all of life's fast-paced situations. **Luzerne Optical's SunActives** lenses are the photochromic lenses you've been waiting for.*

SunActives lenses:

- *Darken fast and fade back to clear lenses just as quickly.*
- *Block 100% of UVA and UVB radiation*
- *Are scratch resistant*
- *Provide high value at an attractive price to ECPs*
- *Are available for progressive, single vision and computer designs in CR-39, Polycarbonate, Hi-Index 1.67 in either gray or brown*
